AMENDMENT UNDER 37 C.F.R. § 1.114(c)

Application No.: 10/773,292

Attorney Docket No.: Q79267

REMARKS

Claims 1-6 and 8-11 are all the claims pending in the application.

Applicants submit that the applied art does not disclose or suggest at least, "wherein said

first memory unit and said second memory unit are physically separate," as recited in amended

independent claims 1 and 6. The Examiner alleges that the applied references show memory that

is <u>logically</u> separable or separate. Even if, *arguendo*, the Examiner is accurate in his assessment

of the applied references, Applicants submit that none of the applied references, either alone or

in combination, discloses or suggests the above-quoted feature of independent claims 1 and 6.

Applicants submit that dependent claims 2-5 and 8-11 are patentable at least by virtue of

their respective dependencies from claims 1 and 6.

In view of the above, reconsideration and allowance of this application are now believed

to be in order, and such actions are hereby solicited. If any points remain in issue which the

Examiner feels may be best resolved through a personal or telephone interview, the Examiner is

kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue

Respectfully submitted.
